Dear

I am very pleased to inform you that your application for admission to the Baltimore College of Dental Surgery, Dental School, University of Maryland at Baltimore has been approved. Please inform me in writing as soon as possible of your intention to accept or reject this offer of enrollment. Your acceptance must be received within thirty days, or the offer will be withdrawn.

As an act of good faith, all those who accept our offer of enrollment for the 1980-81 entering class must submit with their acceptance a deposit which is not refundable. This deposit is $200.00 and will be credited to your tuition for the first semester. Please send your deposit by Registered Mail, Return Receipt.

The Subcommittee on Dental Student Admissions reserves the right to withdraw the offer of enrollment at anytime prior to matriculation if you do not maintain the acceptable standards on which our offer was based. Applicants who are currently enrolled in academic programs must successfully complete all work satisfactorily prior to entrance in August. 1980 and must have maintained an acceptable standing at all institutions attended.

If you accept the offer of enrollment, it is necessary that you send me an official transcript of your grades from your undergraduate college(s) and, if applicable, graduate college(s) showing any degree(s) earned and the date(s) that they were awarded for all work completed through August 31, 1980.

Sincerely,

Charles B. Leonard, Jr., Ph.D.
Assistant Dean for Recruitment
and Admissions

Mirrors lie. They distort, invert, refract, twist images into odd shapes, and exaggerate or shrink them. But this is not to suggest that the mirror's effects are frivolous. The sending of light rays to their destination with unerring accuracy balances any questionable behavior a mirror might produce.

This MIRROR 1984 won't lie. It reflects the progress and accomplishments of the Class of 1984 as well as the entire student body. By holding a mirror to our actions, we hope to examine the many motivations, emotions, intentions, and directions of our Dental School career. Without exaggeration or distortion, the many achievements both individually and collectively of the students of the Baltimore College of Dental Surgery will be presented.

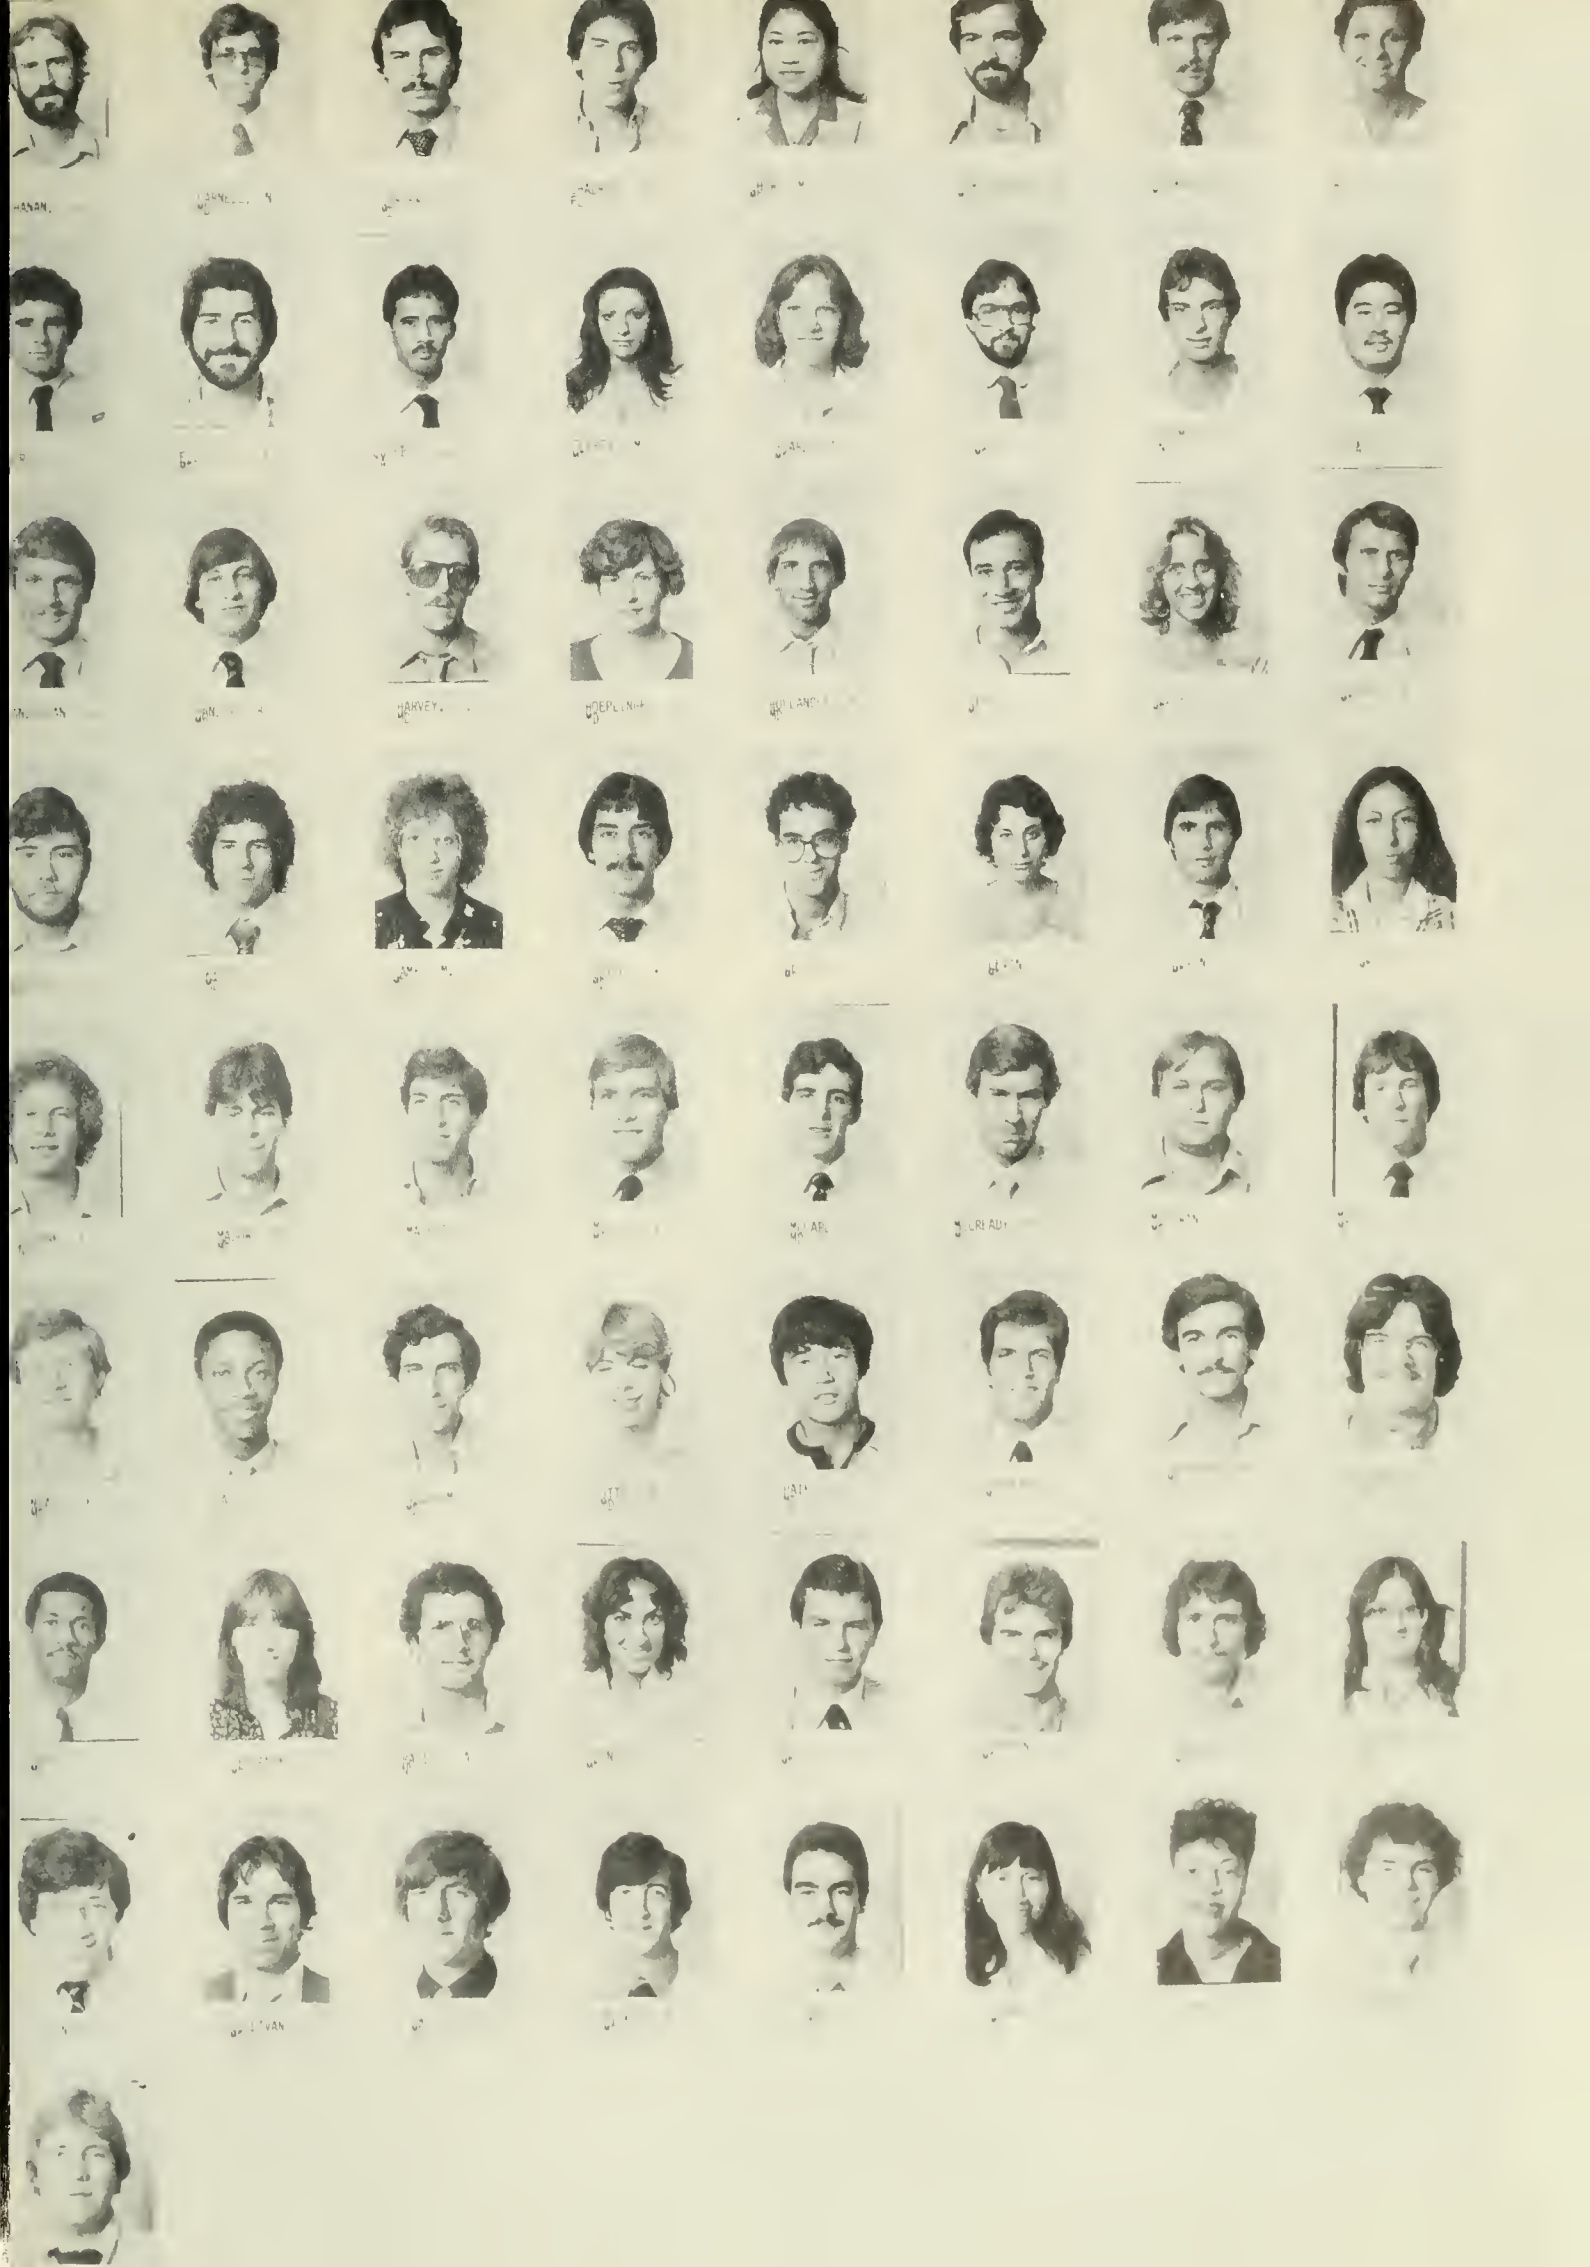
THE CLASS OF 1984



Diane Curley and Liguori Shinnamon

Honorary Senior Class Presidents

It was a unique distinction for the senior class to select Patient Care Coordinators Diane Curley and Liguori Shinnamon as Honorary Class Presidents. Their genuine concern for the welfare of the students proved to be a valuable asset in dealing with the clinical experiences of our dental education. Their sincere dedication has been greatly appreciated — we will always remember them as an integral part of the Class of 1984.

LIFE IS MADE UP, NOT OF GREAT SACRIFICES OR DUTIES, BUT OF LITTLE THINGS IN WHICH SMILES AND KINDNESS AND SMALL OBLIGATIONS, GIVEN HABITUALLY, ARE WHAT WIN AND PRESERVE THE HEART AND SECURE COMFORT.

In order to be selected as a candidate for membership in Who's Who Among Students in American Universities and Colleges, a student must be an outstanding leader, scholar, citizen, and participant in both educational and extracurricular activities.

To be chosen for this honor, a student is first recommended by the University and is then voted on by the national organization.

GORGAS ODONTOLOGICAL HONORARY SOCIETY

The Gorgas Odontological Honorary Society was organized in 1915 to perpetuate the name of Dr. Ferdinand J. Gorgas, a pioneer in dental education and great contributor to dental literature. Today it serves as the honorary student society for the Baltimore College of Dental Surgery. Scholarship is the basis for admission limiting membership to junior and senior students who rank in at least the top third of their class. Gorgas members gather periodically for informative dinner meetings at a variety of unique Baltimore restaurants. Guest speakers from around the country are featured giving members exposure not included in the school curriculum.

GAMMA PI DELTA PROSTHODONTIC HONORARY SOCIETY

Gamma Pi Delta is an honorary student dental organization that was first chartered in 1965. Maintenance of at least a "B" average in the first two years of both laboratory and didactic phases of fixed and removable prosthodontics is the requirement for membership eligibility.

This year Gamma Pi Delta had three meetings at various restaurants in Baltimore. Special guest speakers were present at each dinner with their goals directed toward stimulating the creative interest of prosthodontics in general dentistry.

ALPHA OMEGA

Alpha Omega enjoyed another productive year in 1983-1984. Numerous social events, academic seminars, and community services characterized the calendar. Three away weekends, the ocean, skiing, and the mountains, highlighted the busy social schedule. Seminars on waxing, treatment plans, denture fabrication, and "clinic survival," aided in academics. An AO sponsored campus-wide Halloween Party, bagel sales, and a financial planning series, illustrate some of the fraternity's community services. Hopefully, these diverse efforts enhanced the experiences of the members, promoted fraternalism at all levels, and will continue to benefit the members of this proud fraternity in the future.

PSI OMEGA

Psi Omegans have been a very active group again this year. The activities began with an outstanding rush week including a beer blast, sailing night, and topped off with a night of "Putting on the Ritz" at the top of the World Trade Center. These busy dental students found time between studying to participate in other events throughout the year which included, bowling, ice skating, a night at Blob's Park, rafting, camping, and the grand finale of two weeks of fun and sun at Nags Head, N.C. The seniors who have spent the past four years building friendships and sharing many good times together will surely miss each other, but we can happily look forward to our future times together as Psi Omega alumni. Good luck to all in their future endeavors!

XI PSI PHI

The Eta Chapter of Xi Psi Phi Dental Fraternity continued its resurgence in 1983-84 with growth to 36 members. Always considered the most serious students at BCDS, the ZIPPERS reluctantly took time from their precious study schedule for some social activities. The early part of the year featured crab feasts, the traditional warm beer and cold pizza bash, and an overwhelming softball victory over another dental fraternity (even though they had Charlie Steinberg). UMAB had ZIP to thank for maintaining the Thursday night affairs at the Lithuanian Hall. The winter highlight was the frosty ski weekend through windy mountain roads to Snowshoe, West Virginia. Many more exciting activities are planned for "the ones with the hats" to divert their attention away from scholastic achievement.

Dear Rumor Control,

For four years I have watched people cheat, steal, copy, lie, sell wax-ups, swap projects and practicals, cement bogus crowns, and even sell flippers. I honestly believe that "Dentistry is an exacting profession requiring the highest . . ."

Am I alone in this belief? I am at my wits end and on the brink of total disillusionment. *Please* support me, you are my only hope for strength to continue.

Desperately,
Straight Arrow '84

Dear Straight A,

You are a sap.

. . . But no, you are not alone in this belief — hopefully, you are in the majority. It is this strength of character that has persisted in the dental profession that allowed us the privilege of self-government and autonomy. Do not be misled by the few tall tales that are so often popularized. Dentistry is an exacting profession, be proud of it!

R.C.

P.S. You are also a whiner.

secretary-treasurer

The Maryland Chapter of the American Society of Dentistry for Children is an elective organization which provides its members with an opportunity to delve more deeply into topics of interest as they pertain to Pediatric Dentistry. In addition, the Maryland Chapter arranges for students to go into the community and promote dental health, not only to children, but also to the general public.

The ultimate objective is to make the young dentist more competent in all phases of the profession, but the complete health care of children is emphasized.

The American Association of Women Dentists, in its second year of existence at the University of Maryland Dental School, has enjoyed a tremendous increase in membership. This year's goals have been to facilitate dental education and academic success and to establish liaisons with women dentists in the community. We proudly hosted the AAWD Regional Conference, as well as implementing a Big Sister program. This year's lunch time meetings included topics of campus safety, financial planning, and treatment planning seminars. We look forward to another year of growth and achievement.

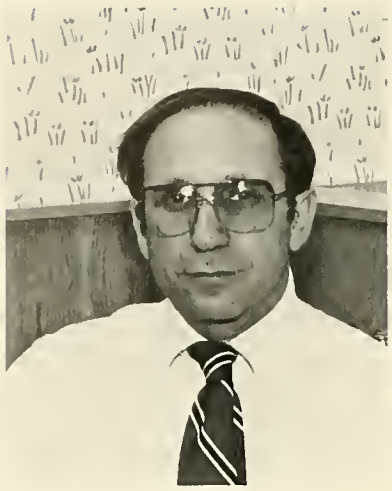
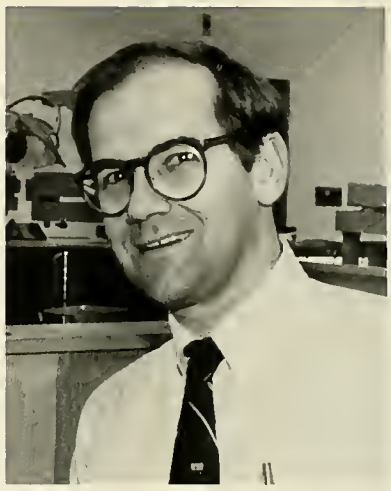
The University of Maryland chapter of the Student National Dental Association was chartered in 1974 to promote the recruitment and retention of minority dental students here at B.C.D.S. In addition to the primary goal of our organization, other annual activities include:

1. Freeman-King scholarship and fundraiser.
2. Oral hygiene instruction/cancer screening at local churches.
3. S.N.D.A. speaker series.
4. Academic reinforcement seminars.

Our chapter had the honor of hosting the national convention of our organization at the Hyatt in Baltimore.



Dr. Mark Wagner



Dr. Hal Crossley

We, the Class of 1984, would like to thank Dr. Harold Crossley and Dr. Mark Wagner, for the time, help, and consideration you have given to us. The many extra devoted hours and the concern you have shown have not gone unappreciated. What you have given so untiringly has helped us become dentists, but the real magnitude of your gift lies in the spirit of your generosity.

Thanks.

MESSAGES FROM

the editor

This is your 1984 Mirror. It is an honest attempt to capture, in words and pictures, the years you have spent at the Baltimore College of Dental Surgery. At the same time, it presents the attitudes of your fellow students in the changing environment we have found at 666 West Baltimore Street.

We trust that you, the reader, will find The MIRROR a reflection of your own experiences at the School. The efforts that you have put forth over the past four years are only the beginning of your commitment to the practice of dentistry.

I wish to recognize the efforts of my sister and brother-in-law, Debbie and Les Rosenthal, who, along with many others, have unselfishly committed much of their time in making this publication a success.

Ron Hollander
Editor

the president

Perhaps it is appropriate for us to wonder why an educational process that produces individuals who are to care for others can be so insensitive at times. If caring can be earned and nurtured, why must it be stifled? This question may not have a satisfactory answer in modern dental education. It is the desire of the Student Dental Association to work in whatever way possible to make those frustrations that are inherent in the system more liveable. It is understandable that apathy is high with the frustration and uncertainty that are frequently experienced; however, participation in the SDA remains constant.

A word of appreciation is needed for all who have supported the SDA through attendance at meetings, organization of events, and other contributions through the year. Although we are many diverse individuals, the sharing of thoughts and the dedication to others is an overwhelming commitment that should not go unnoticed. Thank you friends and fellow colleagues.

THANK YOU DEAN REESE

The editor and staff of The 1984 MIRROR wish to thank Dean Errol L. Reese for his understanding and total support of our efforts this year.

"Dentistry is an exacting profession, demanding the highest personal behavior from its practitioners. As a health professional, the dentist enjoys a high degree of public confidence and trust. He governs his own affairs, to a great extent, and has earned this privilege by successfully assuming the responsibility for his own conduct. In our society the health practitioner functions on the basis of self-discipline rather than imposed regulation. Acceptance of this Code of Conduct represents the student's desire to fully prepare himself for the obligations of the dental profession."

In keeping with the spirit of the Professional Code of Conduct, some students at BCDS occasionally exhibit . . .

Oh! . . . your patient's early!

Stress management

But Scott, he asked me to wash his hair.

I wonder if he'll ask me out?

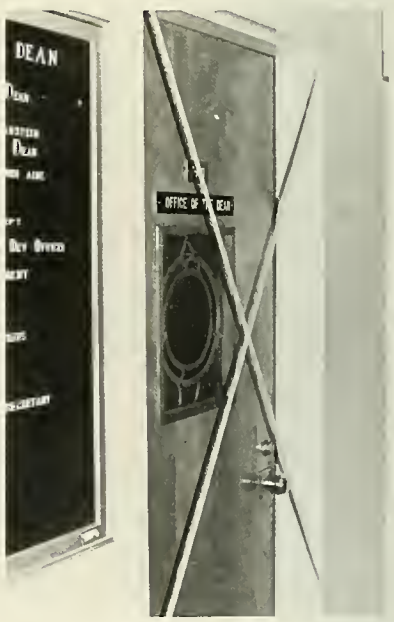
I think she likes me.

PROFESSIONAL

Now we know what her support hose is supporting.

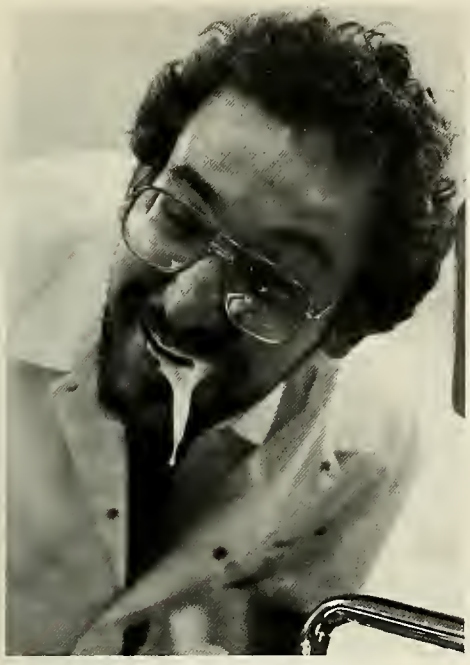
Is this any kind of example?

"C e n s o r e d"



The Dean's "open-door" policy.

I wonder if they are taking attendance today.



Professional Behavior?
Our fearless leader.

Just another "night out."

Hey, aren't you carrying this hygiene bit a little too far?

Oh my aching back.

These new dental beds are great, huh, honey?

BEHAVIOR

"Censored"

Patient management.

Not now Calhoun . . . can't you see we're busy?

Studying?

Tired of studying?

Tired?
